The copyright to this article is transferred to Romanian Limnogeographical Association and effective when the article is accepted for publication. The copyright transfer covers the exclusive right to reproduce, distribute and sell the article, including reprints, translations, electronic form (offline, online) or any other reproductions of similar nature.

Author(s) can make their article, published by **Romanian Limnogeographical Association**, available on their personal site, their institution's web site, provided the source of the published article is cited and the ownership of the copyright clearly mentioned. These must be not for profit sites. Authors are requested to create a link to the publisher's internet service <http://limnology.ro/water2016/proceedings.html>. Reprint and post print may be used. The author warrants that this contribution is original, has never been published in its present form and he has full power to make this grant. If the manuscript contains extracts from other works (including figures, photos, tables), author(s) are responsible to obtain permission from the copyright owner(s) for both the print and online format. The contents and ideas presented in conference proceedings are responsibility of the authors only. The author signs for and accepts responsibility for realising this material on behalf of any and all co-authors.
